

### REMARKS

This Amendment addresses a correction in the inventorship of the patent application under 37 C.F.R. §1.48(a). This Amendment will add the name of an inventor who was inadvertently removed from this application as a named inventor. The question of proper inventorship arose during a review of the parent application by the undersigned attorney of record. Thereafter, the instant application was reviewed with the representatives of the Assignee, The Ohio State University and Giorgio Rizzoni, Yann Guezennec, and Ahmed Soliman, the named inventors, and with their help the proper inventorship-to-claims identification was made. The claims pending in this application properly fall under the inventorship of Giorgio Rizzoni, Yann Guezennec, Ahmed Soliman, and Byungho Lee. The undersigned hereby certifies that such error was made without deceptive intent.

Applicants respectfully request the approval of the Primary Examiner and the approval of the Commissioner to enter this Amendment to correct inventorship. In support of this Petition and Amendment to Correct Inventorship, we enclose a newly executed Declaration; a Power of Attorney required by §1.63 for the newly added inventor, a Statement from the inventor to be added to the inventorship that the error in

inventorship occurred without deceptive intent on his part, a Statement Under 37 CFR 3.73(b) signed by the Assignee and the processing fee set forth in 37 CFR 1.17(i).

Respectfully submitted,

By: Carol G. Stovsky
